MATERIAL SAFETY DATA SHEET

		SHEET									
PRODUCT IDENTIFICATION AND COMPANY											
Issue Date	01.01.2023										
Validity Period	3 уе	ars									
Product Name	МІТА	MITASU CVT FLUID NS-2 100% Synthetic									
Product Code	MJ-3	326									
	Mita	su Oi	l Cor	pora	ation						
Producer	Tel:	1-2-9, Nishi Shimbashi, Minato-Ku,Tokyo, 105-0003, Japan Tel: +81-3-5532-8187. Fax: +81-3-5532-8188 E-mail: info@mitasuoil.co.jp									
2. COMPOSITION											
Base Oil Content	82	_	92	%							
Additives Content	8	_	18	%							
HAZARDS IDENTIFICATION											
Human Health	Product is not hazardous. Slightly irritant. Repeated and prolonged over-exposure to oil mists may cause irritation or discomfort. Minimal toxicity. Not classified as flammable but will burn.										
Eye Contact											
Inhalation								or			
Ingestion											
Safety Hazards											
Environmental Hazards	Not readily biodegradable.										
FIRST AID	IRST AID										
Eye Contact		Flush eyes with large amount of water until irritation subsides. If irritation persists, get medical attention.									
Skin Contact		Flush with large amount of water; use soap if available. Remove contaminated clothing. If irritation persists, get medical attention.							nated		
Inhalation	Rem	Remove to fresh air. If rapid recovery does not occur, get medical attention.									
Ingestion	Do r	not ind	luce v	/omi	ting. If rapid r	ecovery d	oes not occur, g	get medical atte	ention.

	Flash Point		197	°C							
	Flasii Foliit				flor	nmable but will bu	.n. ⊔.	azardous combustion			
	Flammable Limit	Not classified as flammable but will burn. Hazardous combustion products may include carbon monoxide, oxides of sulphur, and unidentified organic and inorganic compounds.									
	Autoignition Temp	>	292	°C							
	Specific Hazards	Not classified as flammable but will burn. Hazardous combustion products may include carbon monoxide, oxides of sulphur, and unidentified organic and inorganic compounds.									
	Fire Fighting	Use dry chemical, foam or carbon dioxide to extinguish fire. Water may cause splattering or frothing. Use water to cool and protect fire-exposed material. Wear protective equipment during fire fighting.									
6.	ACCIDENTAL RELEAS	SE ME	EASUR	RES							
	Clean-up Procedure	Stop the source of leak or release and contain spill if possible. Cover spill with generous amount of inert absorbent material such as sand or earth. Sweep up and remove to suitable, clearly marked containers for disposal in accordance with local regulati.									
7.	HANDLING AND STOR	RAGE									
٠.	III/III/III/III/III/III/III										
	Handling	Handling temperatures should not exceed 70°C. Wear proper safety protective equipment. Wash hands thoroughly after handling. Water contamination and spillage should be avoided. Storage temperatures should be maintained between 0 to 50°C. Odorous and toxic fumes may be evolved from decomposition of product if stored above the safe temperature.									
	Storage										
3.	EXPOSURE CONTROI	ROL/PERSONAL PROTECTION									
	Exposure Limits	Threshold Limit Values for oil mist is recommended to be controlled at 5 mg/m3 or lower for exposure of 8 hours daily. Exhaust ventilation to keep below exposure limits. Wear safety glasses or face shields if splashing is likely to occur. Avoid repeated and prolonged contact with product. Use oil resistant gloves. On Not normally required unless in confined space. Use proper protective equipment to avoid contact. Wear PVC apron if splashes are likely to occur.							ng/m3 or

10.	STABILITY AND REAC	CTIVITY										
	Stability	Product is stable u	nder normal use cond	itions.								
	Thermal Decomposition			s of sulphur and nitrogen and or								
	Hazardous Polymerisation	Will not occur unde	er normal conditions.									
	Incompatible Materials	Strong oxidizing ag	gents. Strong acids									
11.	TOXICOLOGICAL INFO	ORMATION										
	Basis		ta is available for this components and bas	product. Information is provided e stock used.	based on							
	Acute Exposure Oral											
	Acute Exposure Skin	LD 50 expected to										
	Inhalation	Repeated or prolor	ists may cause irritation.									
	Eye Irritation	Slightly irritant.										
	Skin Irritation	Not a skin irritant u	onged contact.									
	Respiratory Irritation	Slight irritant.										
	Carcinogenicity	No data to suggest that product is carcinogenic.										
	Mutagenicity	No data to suggest that product is mutagenic.										
	Other Information Brief contact with used oil is not expected to have serious effect in humans oil is removed thoroughly by washing with soap and water.											
Used engine oils may contain harmful impurities that have accumulated duruse. The concentration of such impurities will depend on use and they pres risks to health and the environment on disposal. All used oils should be har with caution.												
12.	ECOLOGICAL INFORMATION No ecological data is available for this product. Information is provided based on the additives, other components and base stock used.											
	Mobility		environmental condition and will not be mobile	ons. Floats on water. It e.								
	Persistence/ Degradability			ents are expected to be inherent components that may persist in the								

	Bioaccumulation	Has the potential to bioaccumulate.									
	Ecotoxicity	Poor soluble mixture. Practically non-toxic to aquatic organisms. May cause physical fouling of aquatic organisms.									
13.	DISPOSAL CONSIDERATION										
	Product Disposal	Used or waste oil should be recycled or disposed off in conformity to local dispose regulations. Contact local authorities for approved disposal contractor.									
	Container Disposal	Empty drums should be completely drained and sent to a drum reconditioner or properly disposed of. Non-reusable small containers should be recycled or disposed of. Ensure conformity to local disposal regulations.									
14.	TRANSPORT INFORMATION										
	General Information	Not dangerous for conveyance under UN, IMO, ADR/RID and IATA/ICAO codes.									
5.	REGULATORY INFO	FORMATION									
	Not Applicable.
